

A PRE-SCHOOL FOR MONTE HORET

Teachers have been pledged by the Nicaraguan Ministry of Education.

A partner organization will provide a meal for each child per school day.

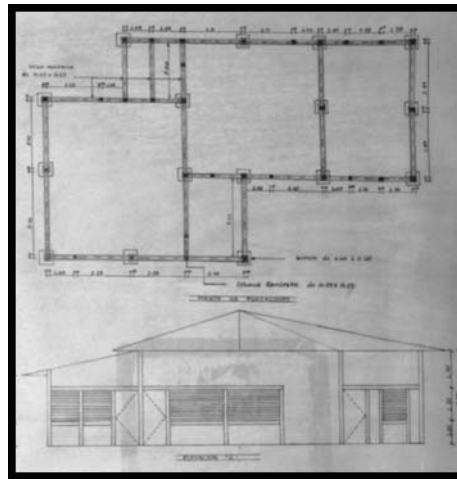

A COMMUNITY SPACE FOR MONTE HORET

Monte Horet families live on \$1-\$2/day.

Most of the 88 families live in homes made from cardboard, plastic and corrugated tin.

PLANNING FOR THE FUTURE

The pre-school will be Monte Horet's **first indoor community space**. Monte Horet's "directiva" is working to create other uses for the space outside of school hours. Priorities include working with the Ministry of Health to **establish a clinic**.

Listen to Jorge, chair of the directiva, speak about his community.
