NICARAGUA NIGHT

PROJECT GETTYSBURG-LEÓN

It is with great pleasure that Project Gettysburg-León (PGL) welcomes you to the Nicaragua Night 2015. For over 20 years, PGL has sponsored this chili dinner and auction as its major fundraising event. Nicaragua Night 2014 raised over \$55,000 for PGL programs!

We would like to extend our sincere gratitude to the following people and organizations whose support has made Nicaragua Night 2015 possible:

Our Corporate Sponsor: Sun Coffee Roasters

PGL thanks Sun Coffee Roasters for its generous, corporate support of Nicaragua Night 2015. CEO Keith Lemnios informed PGL that Sun Coffee is providing a substantial monetary contribution, plus profits from the sale of its coffee in the Gettysburg College Bookstore, as well as all of the income from 50 bags of coffee on sale at tonight's event.

Through its collegiate program, Sun Coffee Roasters retails its organic, fair-trade blends to Gettysburg College's Dining Services. The company, headquartered in Plainville, Connecticut, in addition to distributing its coffee throughout the country, is committed to bringing premium, sustainable fair trade coffee to colleges and universities, particularly in the east. Sun Coffee Roasters works with campuses to support educational and service programs, such as Fair Trade or Rainforest Days, and, at Gettysburg, the annual PGL Auction.

Lemnios describes Sun Coffee Roasters as "a socially conscious, earth friendly, and highly innovative U.S. coffee roaster . . ." He adds, "Not only is Sun's process good for the planet, it's good for your palette. Our methods yield the freshest, best-tasting sustainable fair trade coffee possible."

PGL is happy that Nicaragua is the source of some of Sun Coffee Roasters coffee beans, and is extremely grateful for the company's support of *Nicaragua Night* and our ongoing partnership initiatives.

Our Donors

To all of our donors who gave so generously of their time, talents, and goods, we thank you! This event would of course be nothing without the many treasured items being auctioned off tonight. With your help, we hope to raise \$60,000 tonight!

As you are aware, PGL is a tax-exempt organization, so donations tonight are eligible to claim as a tax deduction. Those who donated will receive an email with a tax receipt in the weeks following the auction (another effort to reduce our carbon footprint). If you donated, but would rather have a tax receipt mailed to you, please see Joyce Ettenger or Jeff Rioux with your request.

The Impact of Partnership

PGL is honored to multiply its impact through the committed partnership of organizations such as the Adams County Arts Council, the Gettysburg Area School District And the Adams County Art Teachers, Gettysburg College, the Adams County Young Grower Alliance, Casa de la Cultura, and, in León Taller Artistico Xuchialt, the community of Talolinga, the community of Monte Horeb, Nuevas Esperanzas, and Las Tias. Through these partnerships, we all build a global community!

Casa de la Cultura

Casa de la Cultura began in 2011 as a local initiative of Project Gettysburg León. Sharing the mission of fostering friendship, education and cultural exchange, Casa de la Cultura promotes the rights of immigrants in Adams County and creates a space for the community to explore the arts and healthy living while emphasizing Latino culture and its realities. Initiatives include support for youth applicants of Deferred Action, English as a Second Language instruction in Gettysburg and Biglerville, swimming clinics, immigration reform activism, and a soccer league as well as partnerships with Painted Turtle Farm and Healthy Options for healthy living and family education activities.

We welcome participants, volunteers, and observers to develop and support initiatives. Together we can improve our lives and human rights locally and in Nicaragua. Please visit the photographs displayed in the dining area. They are from *Retratos: La Otra Miranda/Portraits: From the Outside Looking In*, an exhibit that reveals the importance of faith, family and the basic humanity that binds us all together – regardless of language culture or politics. The photographs are taken by Jorge Perez-Rico, facilitator of Casa de la Cultura.

HOW TO PLAY

ITEMS ARE AUCTIONED USING THREE METHODS

LIVE AUCTION

Live auction starts promptly at 6:00 pm and runs continuously without intermission. There may be additional items auctioned throughout the evening that are not listed in this booklet.

Use your personal bidding number to make your purchases. Be sure to keep track of the items you purchase! All items are sold "as is." No exchanges or refunds.

SILENT AUCTION

All items for the silent auction are displayed on tables and have a bid sheet beside them. To bid, place your bid number in the space provided. Many items have starting/minimum bids. Each change of the bid must exceed the current bid by at least \$2.00. You may bid on an item as many times as you wish.

Tables will close at various times throughout the evening. Winning bids will be decided by the last written bid on the sheet. If you have the winning bid, **please leave the Bid Sheet on the table** and remove the winning item after the winning bid has been recorded.

FISH BOWL AUCTION

Find a student with a balloon to purchase a sleeve-length of tickets for \$10.00 or single tickets for \$1.00 each. Place your tickets in the fish bowls that interest you. If your number is pulled, you win! Please check the corresponding fishbowl sheet to find out the lucky winner! Winners will be drawn at 8:10 pm.

PLEASE NOTE

Please pay for all purchased items at the end of the evening. Payments should be made at the cashier's table by using cash, check, Master Card, or Visa. ***Please allow at least 30 minutes after the close of the table before proceeding to the Checkout.***

In the spirit of fair play, we remind all lucky winners to claim their winnings (gift certificates, services, dinners, etc.) by the stated expiration date or if there is no stated date, before next year's auction. **Please do not ask our donors for changes to the services or package offered.** Thank you!

PGL ENDOWMENT FUND

A generous benefactor has left Project Gettysburg-León a large bequest in his will. This bequest has allowed PGL to establish an Endowment Fund through the good graces of the Adams County Community Foundation. Once the money in this Endowment Fund reaches \$25,000 (we are still several thousand dollars short), PGL will begin receiving an annual income that will continue forever. What a wonderful way to guarantee support for our programs in Nicaragua! Anyone willing to support the long-term future of PGL's work could do no better than to contribute to the Project Gettysburg-León Endowment Fund through the Adams County Community Foundation.

To that end, Marlon Moreno has donated a painting to be auctioned off tonight, the proceeds of which will be donated entirely to the Endowment Fund.

Inspired by children's art lessons in León, through PGL and Nils Anderson, Marlon went on to become a founding member of Taller Artistico Xuchialt. Nestled in the indigenous barrio of Sutiava in León, Xuchialt now instructs over 120 students annually in the arts of Nicaragua. Marlon was director of Xuchialt for four years, also serving as an instructor, and has been an artist in residence in high schools and elementary schools in the Adams County area. Marlon's intense interest in art and art education continues to grow. His unique, graphic style of painting is inspired by the indigenous art of his culture.

By donating his art, Marlon is both paying it back, and paying it forward. Marlon is grateful for the education and support of Taller Artistico Xuchialt and PGL. He is paying it forward by having the monies raised by the sale of "Quetzalcoatl en el Cosmo" placed in the Endowment Fund to help future PGL programs.

Quetzalcoatl en el Cosmo

Marlon's Artist Statement:

This painting is the work of Nicaraguan artist, Marlon Moreno. Its size is 13" X 18", acrylic on canvas.

The painting expresses the cosmic world of a mystical Aztec god. As we know the history, the natives thought the Spaniards were gods, even their god Quetzalcoatl. They saw the armor and the fire in the hands of the conquerors. The natives submitted and were conquered in this confusion.

This painting is composed with its main form, the feathered serpent Quetzalcoatl. Every space within the mystical god is represented with shapes and symbols that connect to the serpent's history. There is a jaguar sleeping. It is another god from the time. There is also a hand and bones that represent the death of the people, murdered at the hands of the conquerors.

The yellow and green background represents the cosmos that links with the surrounding texture of the sky.

Quetzalcoatl en el Cosmo

Esta es una obra del artista nicaragüense Marlon Moreno. Una obra con las medidas de 13" X 18" en acrílico sobre tela.

La obra expresa el mundo cósmico del mítico Dios Azteca. Lo que sabemos de la historia, los nativos confundieron este Dios con los españoles. Al ver sus armaduras y el fuego en las manos de los conquistadores, los nativos cedieron y fueron conquistados por esta confusión.

Esta pintura está compuesta con su forma principal, La Serpiente Emplumada o Quetzalcóatl. Cada espacio dentro del mítico Dios está representado de figuras y símbolos que conectan a la serpiente con su historia. Entre ellos podemos ver una pequeña representación de un jaguar durmiente, otro Dios de la época. Por otro lado vemos una mano y sus huesos que representa la muerte de su pueblo a manos de los conquistadores.

El fondo amarillo y verde representa el cosmos que se entrelaza con la textura envolvente en el firmamento.

Except for bracing the roof with posts and a ridge pole, little has been done to alter the chestnut log cabin structure with its great room and six bed sleeping loft. In accordance with such rusticity, there is no running water (drinking water obtained from the spring by Laurel Lake) and a two seat outhouse is attached. There is electricity and a large hearth and smaller wood stove supply the necessary heat. The lake has fishing, swimming, and boating. Pole Steeple is a ten minute hike. PROJECT GETTYSBURG-LEÓN

PGL is a non-profit and grassroots organization formed to promote cross-cultural understanding and to develop programs that support our friends who struggle to overcome poverty and inequity and establish a more just world.

PGL immerses students and area community members in developing communities in Nicaragua to raise awareness of the realities and complexities of unjust economic structures and development policies. PGL also develops and supports programs in Nicaragua and the United States, which promote efforts to establish justice and human dignity through education and personal exchange.
